Help them go back home to their family.....

(Because of dirty foul smelling wounds, Leprosy patients are often kept out of their homes and neglected by their own family)

▶ Ulcer Care @ ₹ 702 a day

50% of total In-patient services are used for Leprosy Ulcer Care. As patients will continue to have anaesthetic feet life-long, they will have recurrent wounds that get infected and need debridement (surgery), nursing care, dressing & self care teaching. The average stay is 40 days.

This includes....

Medicines Injections Nursing Care Counselling Health Education
Ulcer Surgeries 1 - 2 per patient, procedure, material, preparation
Dressings - gauze, bandages, instrument sterilization, preparation, medicines
MCR Footwear Bed/Ward maintenance Records etc. Emergency Care
Food - Breakfast, Lunch, Tea, Dinner, preparation-distribution etc.
Laboratory, X-ray & Support services

Average cost per ulcer patient to be treated, so that he can join his family and be educated to be ulcer free $₹ 702 \times 40 \text{ days} = ₹ 28,100$

150 In-patients on an average
